EDUCATION

Bachelor of Arts (B.A.)

(University/College Name)
Yamunanagar, Haryana
(Year – Present)

PROFESSIONAL TRAINING

- Python Development Training
- Basic Computer Course

CORE COMPETENCIES

- Python Development
- Flask Web Application Development
- AI Chatbot Development
- Retrieval-Augmented Generation (RAG)
- Ollama Integration
- ChromaDB & Vector Search
- REST API Development
- Prompt Engineering
- AI-Powered Automation
- Document Intelligence Systems
- Git & GitHub
- Frontend Development (HTML, CSS, Bootstrap)

LANGUAGES

- Hindi
- English

MONALI SINGH

Python Developer | AI Application Developer | Flask Developer

EXECUTIVE SUMMARY

Results-driven Python and AI Developer with hands-on experience developing AI-powered web applications, intelligent chatbots, automation solutions, and document intelligence systems. Skilled in Python, Flask, Ollama, ChromaDB, REST API integration, Prompt Engineering, and Retrieval-Augmented Generation (RAG). Experienced in building scalable applications that improve productivity, automate workflows, and deliver enhanced user experiences. Passionate about leveraging Artificial Intelligence and modern software engineering practices to solve real-world business challenges.

PROFESSIONAL PROJECTS

AI PDF Chat Application

Python | Flask | Ollama | ChromaDB

- Developed an AI-powered PDF question-answering application enabling users to interact with documents using natural language.
- Implemented vector search and document retrieval techniques for accurate information extraction.
- Integrated Ollama and ChromaDB to generate context-aware AI responses.
- Designed a user-friendly interface for uploading, processing, and querying PDF files.

Key Technologies: Python, Flask, Ollama, ChromaDB, Vector Search

Resume Analyzer Pro

Python | Flask | AI Integration

- Built an ATS-inspired resume analysis platform capable of evaluating resumes and identifying skill gaps.
- Implemented AI-powered recommendation features to improve resume quality and job application success.
- Designed a responsive interface using Flask and Bootstrap.
- Automated resume assessment workflows to provide instant feedback and suggestions.

Key Technologies: Python, Flask, Bootstrap, AI Integration

Website Chatbot Pro

Python | Flask | AI Chatbot

- Developed an AI-powered chatbot capable of answering user queries based on website content.
- Implemented conversational response generation and chat interaction workflows.
- Improved customer engagement by providing automated support and information retrieval.
- Designed a scalable chatbot architecture suitable for business and portfolio websites.

Key Technologies: Python, Flask, AI Chatbots

PROFESSIONAL STRENGTHS

- Problem Solving
- Analytical Thinking
- Communication Skills
- Adaptability
- Continuous Learning
- Team Collaboration
- Attention to Detail
- Time Management
